The amount or above $ of monies rec'd or collected by the late George Bringhurst from different members of the Congregation towards painting the inside of the Church (costing per Kenworthy's bill $704.40/100) may not be very accurate - it is only an estimate made by me to endeavour to ascertain as near as could be the sum collected which might confirm the 426 dollars paid by the late Geo Bringhurst to Mr. Kenworthy.

From the Administratory of Mr. Bringhurst I never did or could obtain an account of these matters - All which they have done or would or could do in this business was to hand me over a bundle of scraps of paper calculations & memorandums with subscription list which gave me no further insight into this matter, which bundle is however preserved by me as I intended subject to the inspection of any member of Christ Church Congregation - I take it for granted that Mr. George Bringhurst rec'd the 426 dollars for this object & paid the same to John Kenworthy
